Genuine Supply Source Inc. fuzion® Ink & Toner Cartridge Recycling Policy

Genuine Supply Source Inc. (GSS) is committed to environmental responsibility and sustainable business practices. Through our **fuzion® Ink & Toner Cartridge Recycling Program**, we ensure that used toner cartridges are responsibly diverted from landfills and either remanufactured for reuse or recycled into raw materials for future manufacturing.

Scope

This policy applies to all customers and end-users of **fuzion® brand toner cartridges** within Canada.

Policy Statement

1. Accepted Products

- Genuine Supply Source Inc. accepts **empty fuzion® brand ink & toner cartridges** for recycling at our designated facility in Mississauga, Ontario.
- Non-fuzion® cartridges are not accepted under this program.

2. Return Address

All returns must be shipped to:

fuzion Toner Cartridge Recycling
3535 Laird Road – Unit #13
Mississauga, ON
L5L 5Y7

3. Shipping Costs

- Customers are responsible for arranging and paying for transportation of empty cartridges back to our facility.
- Genuine Supply Source Inc. does not cover inbound freight or courier charges.

4. Recycling & Processing

- In partnership with **Greentec International** (<https://greentec.com>), all returned cartridges are:
 - **Validated for remanufacturing**, where possible, to extend product life and reduce waste.

Genuine Supply Source Inc.
3535 Laird Road – Unit #13, Mississauga, ON L5L5Y7
Tel: 1-877-477-5525 / www.genuinesupply.ca

- **Recycled to end-of-life**, where unusable components are broken down and raw materials are extracted for reuse in future manufacturing processes.

5. Recycling Costs

- Genuine Supply Source Inc. covers **100% of the recycling and processing costs** once the empties are received at our facility.

Environmental Commitment

This program reinforces our dedication to reducing environmental impact by:

- Minimizing landfill waste.
- Supporting a circular economy through remanufacturing and materials recovery.
- Promoting responsible recycling practices across our customer network.
